MIDDLE YEARS PROGRAMME

The IB Middle Years Programme (MYP) provides a framework of learning that encourages students to become creative, critical, and reflective thinkers.

The MYP emphasizes intellectual challenge, encouraging students to make connections between their studies in traditional subjects and the real world. SHARING FROM PARENTS

"My children can tell us about what they have experienced at school. It will not be too surprising or shocking to hear your children talk about what they have learned. They have talked to me about Climate change; Global warming; How much forest fires affect the Earth's environment; Plastic waste; Earth Hour, etc... Those global and major topics have become normal in my household. My children have developed a great sense of protecting the place where they live and often remind those around them about these things. And for that, I must thank the dedicated teachers at SNA for their intuitive and vivid lessons."

Ms Pham Thi Thanh Van.

"When I first visited the school, which I had known through a lot of research and through acquaintances, the spacious facilities, and the learning environment here were the 2 main things that captured my heart. In addition, the teachers and staff treated me very kindly. They all have great qualifications and characteristics, which makes me trust them to take care of my child's education."

Ms Ko Eun Kyung.

ALUMNI

Tran Vu Lan Anh – Class of 2021

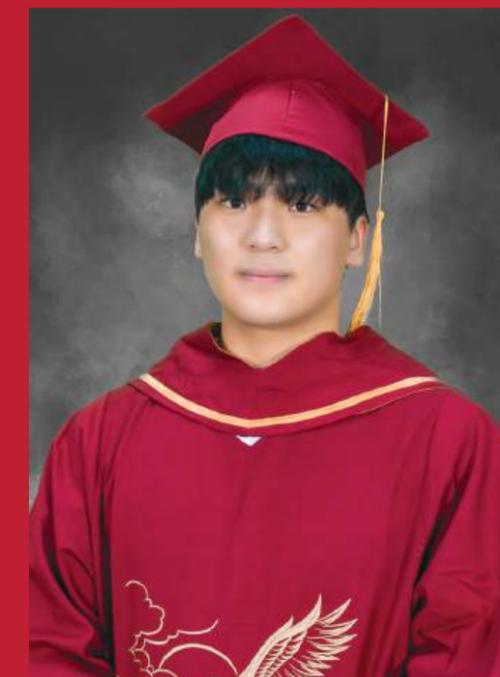

“My name is Lea Tran Vu Lan Anh and I was a member of 12A2 at SNA. In the upcoming time, I am attending RMIT as a Digital Marketing student.

The teachers at SNA have helped me a lot during my preparation, from supporting me with school paperwork to encouraging me to not worry and be

confident with myself. I would like to say thank you to the school and the staff for creating a safe environment for us to study and grow for the better.

Aside from that, I also want to say thank you to all the dormitory teachers for making me feel like a second home. I never feel lonely or sad at the dorm. Ever since I moved to the dorm, I have changed a lot in a positive way.”

During her time at SNA, Lan Anh was an ambitious and creative learner who was always focused on helping the wider community. She also achieved the Outstanding Senior Award in the 2020-2021 academic year.

Na Ji Seong – Class of 2022

“My name is Na Ji Seong, student of class 12A1. When I first came into the school, I wasn’t good at English. However, with lots of help from teachers and staff, I have improved my English skills and successfully completed my IB diploma.

I have learnt to be self-disciplined and get to know more about myself. We did a lot of assignments, internal assessment, projects, co-curricular activities at a limited time. With such challenging limited time, we got the ability to run things by ourselves. Time management skills can be used effectively beyond high school life. Moreover, with CAS, which stands for Creativity-Activity-Service, this has allowed me to better understand myself by going through various activities held at SNA.”

During his time at SNA, Na Ji Seong was a hard-working student who was always focused on helping the wider community. He also achieved the highest IB score in the 2021-2022 academic year.
